## A MESSAGE FROM YOUR MP

DEAR FRIENDS,

Happy New Year! As your Member of Parliament for Saskatoon West, I am happy for us to be able to close the door on 2020 and for us to move into 2021. The New Year holds the promise that our sacrifices of the past ten months will pay off with a vaccine. The measures governments have imposed upon all of us soon will be over along with this pandemic.

To that end, you may soon have your chance to cast your ballot in a possible federal election to judge the Trudeau Liberal Government. A day before the Christmas break, the Trudeau Government introduced legislation in the House of Commons which allows them to conduct an election during the COVID-19 pandemic. This is a sure sign that they intend to hold a spring election.

COMMENTS:

As your Conservative Member of Parliament, I have been doing my job holding the government to account while ensuring the interests of Saskatoon West are brought to the forefront of the agenda in Ottawa.

This means voting against the government when they rack up our deficit and debt to levels unheard of before in Canadian history. It also means supporting measures to help workers and businesses hurt by COVID-19 restrictions.

I have worked hard in Ottawa to bring attention to environmental

and economic issues important in our city.

In the House of Commons, I continue to advocate for COVID related issues and local vaccines; University of Saskatchewan; Saskatoon Airport; and issues supporting life and religious freedom.

On the Environment Committee I am fighting for federal funding for Meewasin; cleaning up sewage; and reducing carbon while maintaining our transportation and industrial sectors.

At home, my office continues to serve all constituents that contact us with any issues regarding the federal government. I've been working to help business and individuals. In short, I, along with my team, am here to help. So please do not hesitate to contact me at [brad.redekopp@parl.gc.ca](mailto:brad.redekopp@parl.gc.ca) or 306-975-6555.

Sincerely,

*Brad Redekopp*
